As your Trade Show partners, our goal is to provide you with hassle-free service so that you can enjoy your show. Even if you use an Exhibitor Appointed Contractor (EAC), you should have a basic understanding of the Exhibitor Service Manual's contents and information.

By following the information provided below, you will have a charmingly smooth trade show experience!

**Ordering Trade Show Services**

- Always include your complete customer information on each order form including address with zip code, phone and fax, email address, contact name, and most importantly, booth number (if available). If you have multiple booth locations, please complete individual order forms for each location (booth, meeting rooms, etc.).

- Ensure that all credit card information is complete and correct including the expiration date & cvv #.

- When ordering carpet, draped tables or counters remember to select the colors you desire.

- Please make sure that the size of carpet ordered is appropriate for your booth space (e.g.: DO NOT order a 9' x 20' carpet for a 10' x 10' booth).

- Always keep the total square footage of your booth in mind when ordering decorating items. DON'T order more than will comfortably fit and still allow you to do business.

**Inbound - Move In**

- Confirm your furnishing orders with I.C.S.. You should receive a confirmation of your order within 3 - 5 days of placement.

- Confirm target dates with I.C.S. and communicate them to your carrier. Refer to the Special Handling section on the Material Handling Information Sheet to ensure you do not incur special handling charges.

- Keep phone number of your carrier with you, including weekend contacts.

- Have your hotel information available, including phone number, address, etc.

- After emptying crates, place "EMPTY" labels on all sides of your crates and cases. Remember to remove old "EMPTY" labels.

**PAYMENT & CALCULATION FORM**
YOU ARE ENTERING A CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE. The terms and conditions set forth below become a part of the Contract between I.C.S. and you, the Exhibitor. Acceptance of said terms and conditions will be construed when any of the following conditions are met:

- The Method of Payment Form is Signed; or
- An order for labor, service and/or rental equipment is placed by exhibitor with I.C.S.; or
- Work is performed on behalf of exhibitor by I.C.S.

Definitions:
For purpose of this Contract, I.C.S. means International Convention Services Inc. and its respective employees, directors, agents, assigns, affiliated companies, and related entities including but not limited to any subcontractors I.C.S. may appoint. The term "Exhibitor" means the Exhibitor, its employees, agents, or representatives.

PAYMENT TERMS:

1.) Full payment, including any applicable tax, is due in advance or at show site for all service orders. All payments must be U.S. funds and all checks must be drawn on a U.S. bank. Orders received without advance payment or after the deadline date will be charged at floor rate.

2.) All materials and equipment are on a rental basis for the duration of the show or event and remain the property of I.C.S. except where specifically identified as a sale. All rentals include delivery, installation, and removal from Exhibitor’s booth.

3.) Credits or refunds will not be given for services cancelled after the advance order deadline date, installed or not used.

4.) If the Show or Event is cancelled because of reasons beyond I.C.S. control, Exhibitor remains responsible for all charges for services and equipment provided up to and including the date of cancellation.

5.) I.C.S. will not issue refunds to Exhibitors of any payments made before the date of cancellation. It is Exhibitor’s responsibility to advise the I.C.S. Service Desk Representative of problems with any orders, and to check the Exhibitor’s invoice for accuracy prior to the close of the Show or Event.

6.) If Exhibitor is exempt from payment of Hawaii Excise Tax, I.C.S. requires a copy of your Tax Exemption Certificate issued by the State.

7.) For International Exhibitor’s, I.C.S. requires 100% pre-payment of advance orders, and any other order or services placed at show site must be paid at the show.

8.) For any pre-approved unpaid balance after the close of the show, terms will be net due and payable upon receipt of invoice. Effective 30 days after invoice date, any unpaid balance will bear a finance charge 1.5% per month. Future orders will be on a prepaid basis only.

9.) If past due invoices or invoice balances are placed with a collection agency or attorney for collection or suit, Exhibitor agrees to pay all legal and collection costs. These payment terms and conditions shall be governed by and construed in accordance with the laws of the State of Hawaii. In the event of any dispute between the Exhibitor and I.C.S. relative to any loss, damage, or claim, such Exhibitor shall not be entitled to and shall not withhold payment, or partial payment, due to I.C.S. for its services, as an offset against the amount of any alleged loss or damage. Any claims against I.C.S. shall be considered a separate transaction, and shall be resolved on its own merits. I.C.S. reserves the right to charge Exhibitor for the difference between the Exhibitor’s estimate of charges and its actual charges incurred by Exhibitor, or for any charges that I.C.S. may be obligated to pay on behalf of the Exhibitor, including without limitation, any shipping charges. If Exhibitor provides a credit card for payment and charges are rejected by the Exhibitor’s credit card company for any reason, I.C.S. hereby provides notice that it reserves the right, and Exhibitor authorizes I.C.S., to continue to attempt to secure payment through that credit card for as long as unpaid balances remain on the Exhibitor’s account.

10.) I.C.S. will not be held responsible for any orders not received due to transmittal problems.

11.) Third Party Billing is available upon request. Please contact our Help Desk for assistance with this service form.

12.) A $25.00 handling charge will assessed for returned checks due to insufficient funds.

13.) If you’re submitting payment via Bank Wire, please include a $25.00 service charged to your total amount due.
Safety is very important for everyone working in the exhibit hall - especially you!

I.C.S. is committed to safety throughout our company and in the work that we do. We request that you make safety a part of your activities during the show. If you see something unsafe or that presents a hazard, please bring it to the attention of a I.C.S. supervisor. By reporting unsafe or hazardous conditions, you will help make the show safer and more enjoyable for yourself and your fellow exhibitors.

Below you will find a list of Loss Prevention Guidelines that we request you follow while at show site. These Guidelines will enhance the overall safety of the show and help to prevent injuries to you, our employees and other exhibitors.

Exhibitor Loss Prevention Guidelines at Show Site

* Exhibitors should treat the show areas during move-in and move-out as they would a construction site, when work is on-going. Wearing of appropriate attire includes footwear with hard soles that protects against potential injuries from site debris, and limits potential for slip and falls. Heels, flip flops and open-toed shoes are inappropriate and violate safety standard.

* Smoking is prohibited except in designated areas. Please be sure all cigarettes are fully extinguished.

* Standing on chairs, tables and other furniture is PROHIBITED. The furniture is not designated to support your standing weight. Please use a ladder or ask an I.C.S. personnel for assistance.

* I.C.S. forklifts and carts are to be used by authorized I.C.S. personnel only. Please do not operate this equipment. Bicycles, skateboards, skates, etc. prohibited on the show floor unless approved by the facility in advance. If you are authorized to use your own cart, please be sure to register it with the facility. They should also provide you with a "safe operating" procedure. If they do not, a I.C.S. representative at the Exhibitor Service Desk can provide it to you.

* Be aware of the forklifts moving throughout the aisles and docks. Please stay clear of them, especially when they are carrying a crate of load. Keep the aisles free and open at all times. Please utilize your booth space to store and work in while preparing your booth.

* Never run in the exhibit hall. Please walk. Watch your step in the aisles and stay away from the loading docks.

* Electrical wires and cords can be hazardous if frayed or stretched over a walkway. Please check all cords for damage. Notify an I.C.S. supervisor if you need assistance repairing or removing a damaged cord. Do not overheat outlets or plugs.

* Please keep fire exits clear. Report any fires immediately or pull the nearest fire alarm.

* If you spill something, or notice a spill, clean it up or report it immediately. Please do not walk away from a spill.

* Use good housekeeping. Dispose of waste properly and keep materials stacked securely.

* Keep aisles free and clear of any and all debris.

* Protect your valuables while on the show floor. Please keep all expensive or valuable items secured. Unattended items in booths are easy theft targets.

* Notify an I.C.S. representative of any safety issues or concerns.
1.) ALL MATERIALS USED IN CONSTRUCTION AND DECORATION OF AN EXHIBIT MUST BE FLAME RETARDANT. Fabrics must be certified as flame retardant or a sample must be available for testing. Materials, which cannot be treated to meet the requirements, may not be used.

2.) ALL EXITS AND EXIT AISLES MUST BE KEPT CLEAR AND UNOBSTRUCTED. No furniture, signs, easels, chairs or displays may protrude into aisles.

3.) DESIGNATED "NO FREIGHT” AISLES MUST BE MAINTAINED CLEAR OF CRATES AND EXHIBIT MATERIALS DURING MOVE-IN AND MOVE-OUT. These aisles are required for emergency access throughout the hall and to expedite freight and empty crate moving.

4.) ALL FIRE HOSE RACKS, FIRE EXTINGUISHERS AND EMERGENCY EXITS MUST BE VISIBLE AND ACCESSIBLE AT ALL TIMES. This includes fire protection equipment located within exhibits. Exits and exit signs must not be covered by drapes nor obscured from view by exhibit components.

5.) VEHICLES ON DISPLAY MUST HAVE FUEL FILLER CAPS LOCKED OR SEALED TO PREVENT ESCAPE OF VAPORS AND TO AVOID TAMPERING. Batteries must be disconnected. Auxiliary batteries not connected to engine start system may be left connected. External chargers are recommended for demonstration purposes.

6.) COMBUSTIBLE MATERIALS MUST NOT BE STORED BENEATH DISPLAY VEHICLES. Space beneath vehicles must be clear and visible except for permitted electrical supplies.

7.) VEHICLES IN BUILDING FOR UNLOADING MUST NOT BE LEFT WITH ENGINE IDLING. Exhaust gases present extreme hazards to workers. If the engine cannot be shut down, vehicle must be removed from the building as quickly as possible.

8.) COMPRESSED AIR CYLINDERS, INCLUDING LPG, ARE PROHIBITED UNLESS APPROVED BY FIRE SAFETY OFFICE. Flammable gases, i.e.: butane, propane, natural gases, etal; are subject to prior approval. Non-flammable compressed gas cylinders must be secured in an upright position with gauges and regulator protected against physical damage.

9.) ALL 100 VOLT EXTENSION CORDS SHALL BE THREE-WIRED (GROUNDED), #14 OR LARGER AWG, COPPERWIRE, CONNECTORS MUST NOT BE SUPPORTED BY CORDS. Two wire, "Zip Cords" are not permitted other than factory installed appliance connectors, these may not exceed six (6) feet in length and must be UL approved.

LIMITS OF LIABILITY & RESPONSIBILITY (page 3 of 3)
Your goods be insured.

Material handling is the unloading of your exhibit materials, delivery to your booth, handling of empty containers to and from storage, and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost of transport of your exhibit materials to and from the event.

Benefits of Advance Shipping to I.C.S. Warehouse
- Storage of materials for up to 14 days prior to your show.
- Delivery of shipments to your booth before you move-in (schedule permitting).
- Some convention centers and hotels do not have facilities for receiving or storing freight.
- Saves valuable setup times.

How to Ship in Advance to the I.C.S. Warehouse
- Remove all old shipping and empty storage labels.
- Fill out and attach enclosed Advance Shipping Labels.
- Complete the enclosed Material Handling Order Form.
- Remember to confirm receipt of your shipment prior to leaving for the show.
- All shipments must have a bill of lading or delivery slip showing the number of pieces, weight and type of merchandise.
- Certified weight tickets should accompany all shipments.
- Take the time to ensure that your display and products are packed neatly and securely.

Freight Carriers
Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check in. Delivery and pick up times are often out of the range of “normal” delivery hours, make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the Show, also plan for the return shipment. Should your carrier miss the pickup deadline (outbound shipment(s)), I.C.S. WILL NOT call back out carrier to retrieve your forced freight shipment. Your shipment will be handled by the show carrier at your expense.

Tracking Shipments
Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at show site. You may also want to review the return of your goods at the end of the show.

Estimating Material Handling Charges
Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per Shipment may apply, see enclosed Material Handling Order Form for details. Please prepay all shipping charges - I.C.S. cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise I.C.S. will invoice the entire load at the uncrated rate.

Crated - Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
Uncrated - Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.

Special Handling - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments without prior delivery receipts.
Overtime Surcharges - Shows that move-in or move-out on weekends or late in the day may be subject to overtime surcharges. See enclosed Material Handling Order Form for details.
Late Surcharges - A surcharge will apply if advance freight is received after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling Order Form for details.
Shipment Surcharges - A surcharge will apply if shipments are received with incomplete information on shipping labels identifying company name and booth number and/or shipments that are left on the show floor at the end of the show with no labels and no bill of lading turned in.

Storing Empty Containers
Properly labeled empty shipping cartons will be picked up, stored and returned after the show. Labels are available at the I.C.S. Service Desk or from your I.C.S. Account Executive and are for empty storage only. Depending on the size of the show, it can take from two to twelve hours to return empty crates. Do not store any items in crates marked “empty”.

Outgoing Shipments
An Outbound Material Handling Form/Bill of Lading must accompany all outgoing shipments. Shipping Information, outgoing forms and labels will be available at the I.C.S. Service Desk. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipments of your display and product.

Machinery Labor and Equipment
Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, re에는ting, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the Forklift & labor Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we may make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

Insurance
All of your goods should be insured by your own insurance policy. Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. I.C.S. has published I.C.S. Limits of Liability and Responsibility that are in your service kit. Please read them carefully. It is recommended that your goods be insured.

### ELECTRICAL CODE

**Electrical Services for Exhibits at Convention Facilities**

Electrical requirements for an exhibit at all convention facilities are for the safety of all exhibitors and are based on national Electrical Codes and local ordinances.

Too frequently, fires have been traceable to faulty wiring, sometimes because of carelessness and sometimes because of lack of understanding of the risks involved.

In the interest of public safety, exhibits in the convention facilities may be inspected to determine if any violations exists. If they are found, qualified electricians are available to correct the problems. This work will be performed on a time and material basis. If the exhibitor does not wish to have the fault corrected, electrical services to the offending booth will not be connected.

If an exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to convention facilities.

Serious risks are involved which can be eliminated by understanding basic requirements of safe wiring inside your booth. For the safety of you and the public, remember these points:
- All wiring must have a 3-wire grounded cord with a minimum of #14 gauge.
- Spot or floor lighting is a hazard when lamps are too close to fabrics or other materials which can be affected by heat.
- The use of clip-on sign sockets, latex or lamp cord wire in displays, or the use of 2-wire clamp on fixtures, is prohibited by order of fire prevention bureaus at trade shows and conventions.

Zip cords or two-wire cords are ungrounded and could result in safety hazards. Their use is forbidden in all convention facilities.
Save Time and Money!! Read Before You Order!

I.C.S., a provider of electrical services to trade shows and conventions, is committed to customer service. With that in mind, we are providing you with the following information sheets to help you order your electrical service. Where will my outlet be located?

There are four different types of trade show booths: Line Booths, Peninsula Booths, Back-to-Back Peninsula Booths and Island Booths.

Each type of booth has its own method of installation. In the following diagrams, the symbol \( \square \) represents the approximate location of power outlets.

Line Booths, Peninsula Booth, Back-to-Back Peninsula Booths:

Your pre-ordered Electrical Outlet will be installed at the rear of your booth, at the drape line.

Island Booths:

You need to designate one location for each outlet you order. Multiple outlet locations will be charged on a Labor and Material basis. For facilities with power originating in the floor, your Electrical Outlet will be placed at one location at our discretion. All other distribution will be done on a Time and Material basis. If you fail to provide us with a floorplan, we will bring your power to one location at our discretion.

How much power do I need?

Calculate your lighting needs by adding wattage in each location. For other equipment, read the Ratings from the metal plates attached to each unit.

120 Volt Single Phase, 60 Cycle, 1000 Watts
230 Volts, 30 Amps, 3 Phase
To ensure that your outlets and lighting are properly placed, a Booth Floorplan must be submitted with your Electrical Rental Order Form. If you do not have a plan, please use the grid on this page and submit it with your electrical order.

To use this grid:
- Use bold lines to indicate the outline of your booth.
- Indicate the scale of the grid (e.g. 1 square = 2 feet) or indicate the dimensions of your booth.
- Mark the adjacent booth numbers or aisle numbers. This will help us orient your service correctly.
- Mark outlet locations, expressed in amps and voltage in each location.
- Mark main power location.
- Please send this sheet with your prepaid Electrical Rental Order Form.
